

DRAFT EMERGENCY RESOLUTION No. 5

submitted by the Long-Range Planning Committee Europe, on behalf of the Host Committee Bordeaux EF 2024, to the European Council

Subject:

Approval of the Financial Report of the 2024 Bordeaux Europa Forum.

Explanation:

The Europa Forum Financial Controller has been attempting at a proper control of the financials, pursuing a Financial Report agreeable to all the parties since early 2025, without great success. The profit and loss statement eventually surfaced with a net income of €107.00, but, unfortunately, the allocation of income and expenses to the specific accounts required under the Budget Form (Appendix E of the Manual) was never carried out properly.

MD103 France repaid €20,000 to compensate for the voluntary contribution advanced from the central fund. Most of the contribution came back, even if the paperwork never quite did.

As, based on the report of the EF Financial Controller, the LRPCE is convinced that the Host Committee basically acted in accordance with the applicable rules of accountancy and honestly tried to fulfill its obligations, in order to close this chapter, the LRPCE proposes to the European Council to accept the financial situation as described above and approve the Financial Report.

Proposed resolution

The Long Range Planning Committee Europe proposes to the European Council to adopt a resolution by which the Member Countries approve the Financial Report of the 2024 Bordeaux Europa Forum.

Submitted by the EF Archivist and Advisor, Secretary of the Long Range Planning Committee Europe
for and on behalf of

PIP Guðrún Björt Yngvadóttir
